

HOW TO DETERMINE YOUR RING SIZE

CONFIRM PRINTED PAPER SIZE

1. **Ring measurements are very precise.** Carefully follow these instructions to obtain an accurate measurement.
2. **Prior to printing,** ensure that Page Scaling is set to "None" on your print dialog box. (To open the print dialog box, press CTRL+P.)
3. **Measure the bar on the left.** It must be exactly 1 inch or 30 mm long. Alternately, place a 20 cent piece where indicated. The coin should fit completely over the image so that all lines are covered, without the coin hanging over any edges.

MEASURE CURRENT RING

1. Select a ring that properly fits the intended finger.
2. Place the ring over the circles below, matching the inside edge of the ring to the circle nearest in size. The measurement refers to the *diameter* of the ring.
3. If the ring falls between two sizes please reference our *International ring size conversion chart* as there may be an American ring size in between the two sizes.

MEASUREMENTS MATCH THE
INSIDE EDGE OF THE RING

Size F 14.1 mm	Size F½ 14.3 mm	Size G 14.5 mm	Size G½ 14.7 mm	Size H 14.9 mm	Size H½ 15.1 mm
